

Bible Reading Notes: Acts 21-22

Acts 21 - Paul's Return to Jerusalem.

If Paul was supposed to return to Jerusalem, why does the church in Tyre and the prophet Agabus warn Paul by the Holy Spirit about returning to Jerusalem? What will happen to Paul when he returns to Jerusalem? How does Paul's future life remind you of Jesus?

Why are the Jewish Christians (and all Jerusalem for that matter) suspicious of Paul? How does the church try to counter these suspicions? What is it that sparks the riot at the temple?

Acts 22 – Paul's speech to the crowd.

What story does Paul tell the crowd? What does he say that re-ignites the riot? Why do you think Paul's words caused such a strong reaction? What was the crowd willing to listen to, what couldn't they accept? Why?

How does Paul use his Roman citizenship to his advantage?
